

2023 Membership Report

Our present membership stands at 178 (182 in 2021) and 4 overseas members (9 in 2021).

Although we have gained several new members over the past 2 years, we are losing more.

The invoicing of individual members at renewal time works well, but there are a few that still don't submit the online renewal form to the membership secretary, and or pay renewals into the Rally account instead of the Register's Main account.

If your membership card has 31st March expiry Date please pay subs ASAP and there is the option of paying up to 3 years in advance. This does save us money and admin time.

Murray McLean
Membership Secretary
